About Me

I am a Graphic & Concept Designer based in Jaipur. I have done B.Tech. in Computer Science Engineering with a little work experience in Web Development (mostly in MEAN stack technology). My professional skill set include graphic designing & video/photo editing on Adobe Premiere Pro CC, Adobe Photoshop CS3, Adobe Illustrator and Cyberlink PowerDirector 17.

Photography has always been the north star of my life, majorly landscape, wildlife, portraits and macros. Nature's simplicity and people's lives always sparks a irresistible passion in me and I always try to find a missing prospect in all of them.
