📍 Jaipur, Rajasthan

About Me

I am a graphic & concept designer based in Jaipur. I have done B.tech in Computer Science Engineering with some work experience in Web Development (mostly in MEAN stack technology). My professional skill set includes video/photo editing and Web designing on *Adobe Premiere Pro CC*, *Adobe Photoshop CS5*, *Adobe Illustrator*, *Adobe XD* and *Cyberlink PowerDirector 17*.

Photography has always been the north star of my life, majorly landscape, wildlife, portraits and macros. Nature, simplicity and people lives always spark a irresistible passion in me and I always try to find a missing prospect in all of them.
