WORK EXPERIENCE

UI/UX Designer

Attrack Consultancy Pvt. Ltd. Jaipur (Apr 2023 – Jul 2025)

- Lead UI UX design for SaaS and AI driven product interfaces, focusing on usability, scalability, and modern design patterns.
- Designed multi screen fintech dashboards improving financial data visualization and user navigation.
- Built scalable design systems and reusable components in Figma to maintain consistency across products.
- Collaborated with product managers and developers to translate business requirements into user centered design solutions.
- Optimized user flows and interface layouts to improve overall user experience and task completion efficiency.

UI & Graphic Designer

Sunita Shekhawat Jaipur, Jaipur (Mar 2022 - Mar 2023)

- Designed responsive web interfaces and digital assets aligned with brand and business goals.
- Designed multi screen fintech dashboard improving data visibility and reducing user navigation time by 30 percent.

Graphic Designer & Video Editor

Eduidite Consultancy Pvt. Ltd. Noida (Dec 2020 - Mar 2022)

- Designed social media creatives, ad banners, and digital marketing assets aligned with brand guidelines.
- Created visual layouts for promotional materials and educational content to improve engagement.
- Collaborated with the marketing team for campaign visuals, content planning, and brand consistency.

PROJECT HIGHLIGHTS

AI-SDR - AI Sales Automation Platform

- Designed a sales engagement interface that helps SDR teams automate outreach, track leads, and manage pipelines efficiently.
- Created conversation-focused workflows and modular UI components to streamline follow ups and improve sales productivity.

GocDoc Filing - Platform Redesign

- Developed unified design system and standardized UI components across modules. Enhanced usability and visual consistency across the platform.

Wealtha AI - Financial Analytics Dashboard

- Designed AI powered financial dashboard improving investment data visualization and helping users track portfolio performance more efficiently.
- Focused on improving information hierarchy, user flows, and dashboard usability.
